

The image contains two separate diagrams, each enclosed in a rectangular box. The left diagram shows a horizontal pipe with a wavy line representing a valve. Above the pipe, a downward arrow is labeled 'flow'. To the right of the pipe, a circular arrow indicates a counter-clockwise (CCW) rotation, with the text 'CCW' written below the pipe. The right diagram shows a similar horizontal pipe with a wavy line. Above the pipe, an upward arrow is labeled 'flow'. To the right of the pipe, a circular arrow indicates a clockwise (CW) rotation, with the text 'CW' written below the pipe.
